SUMMARY

A motivated Statistics student from Universiti Teknologi MARA (UiTM), minoring in Big Data Analytics, with a CGPA of 3.68. Skilled in data collection, cleaning, analysis, and visualization using Excel, R, Python, and SPSS. Strong in data interpretation, problem-solving, and presenting insights. Currently seeking an internship to gain hands-on experience in data analysis and analytics projects, available from 30 March 2026 to 17 July 2026.

EDUCATION

BSc of Science (Hons.) Statistics, Universiti Teknologi MARA (UiTM) Seremban Campus   **Mar 2024 - Present**

Current CGPA**:** 3.68/4.00   Dean's List: all semesters
Related coursework: DSC551 (Programming for Data Science), ISP688 (Intelligent Decision-Making Support Systems), ISP610 (Business Data Analytics), DSC651 (Data Representation and Reporting Techniques)

Diploma in Statistics, Universiti Teknologi MARA (UiTM) Raub Campus   **Oct 2021 – Feb 2024**

CGPA**:** 3.75/4.00   MUET**:** Band 3.5
Dean's List: all semesters   Award: Vice Chancellor Award

Technical Institute of Kuala Lumpur   **Jan 2019 – Mar 2021**

SPM**:** 1A+, 3A, 2A-, 2B+, 1B, 1C+

EXTRACURRICULAR & VOLUNTEERS

Secretary of Jawatankuasa Sukan Pelajar (JSP) Club   **Mac 2023 – Feb 2024**

- Preparing and organizing meeting documentation.
- Managed all records and communications for a club of 45 members, ensuring timely updates for meetings and event.

Volunteer of Karista UiTM 2023   **Sept 2023**

- Produced and edited 100+ promotional videos and 100+ event photographs used across the university's social media channels.
- Designing posters and assisting with promotional materials.

WORK EXPERIENCE

Part Time Packaging for Lotus Run 2025   **Sept 2025**
JomRun, Puchong

- Packed and organized over 4,000+ race kits, ensuring 100% accuracy for all event participants.
- Ensure items are correctly labelled, stored, and ready for distribution or display during the event.

Static Marshal for Wira Run 2025   **May 2025**
JomRun, Putrajaya

- Ensured the safety and correct route guidance for 4,000+ runners at a critical checkpoint.
- Assist with crowd control and report any issues to event organizers.

Event Crew for MAHA 2024   **Sept 2024**
Universiti Putra Malaysia (UPM), MAEPS Serdang
- Assisted a team of 5 crew members in managing operations for a large-scale expo with thousands of visitors.

Part Time Team Member of Boost Juice Bar   **Apr 2021 – Sept 2021**
Vitality Boost Sdn Bhd., Boost The Mines
- Provided excellent customer service while serving an average of 100+ customers during peak shifts.
- Handle cash transactions, maintain cleanliness, and restock ingredients and supplies.

ACADEMIC PROJECTS

Final Year Project: Predictive Model For Diabetes Using Logistic Regression
- Developed a predictive model using Logistic Regression to identify significant health indicators associated with diabetes.
- Performed data cleaning, statistical analysis, and model evaluation using SAS Enterprise Miner and R Studio.

Apps Interface i-SACR (Integrated Student Academic Resolver)
- Developed a mobile system that helps students manage academic tasks, monitor burnout level, and organize groupwork in one platform.
- Successfully designed features such as schedule alerts, stress indicators, and task planning using Figma.

Sentiment Analysis of Uniqlo Online Customer Reviews in Producing a Classifier Model
- Built a sentiment classification model using machine learning techniques to analyse customer reviews.
- Performed text preprocessing, feature extraction, and model evaluation to improve sentiment prediction accuracy using RapidMiner/AI Studio.

Diabetes Analysis Cases in United States
- Conducted statistical analysis on diabetes cases using real-world dataset to identify trends and contributing factors.
- Applied data visualization and exploratory data analysis techniques to interpret patterns related to diabetes prevalence using Microsoft Power BI.

SKILLS

Microsoft Word	Expert	**Power BI**	Beginner	**Python**	Beginner
Microsoft Excel	Skilful	**SPSS**	Expert	**R Studio**	Beginner
C++	Beginner	**Canva**	Expert	**Tableau**	Beginner
Problem Solving	Expert	**Teamwork**	Expert	**Data Interpretation**	Skilful
Communication	Expert	**Leadership**	Expert	**Time Management**	Expert
Alteryx	Beginner	**Figma**	Expert	**AI Studio**	Beginner

LANGUAGES

Malay	Native or Bilingual Proficiency	**English**	Professional Working Proficiency	**Mandarin**	Basic
